

SCHOOL MANAGEMENT SOFTWARE CATALOG

BENEFITS OF SCHOOL MANAGEMENT SOFTWARE

1. Strengthens Parent-Teacher Communication

Using SMS notifications the school keeps the parent informed about the latest updates in the school as well as about the progress of their child.

2. Time and Monetary Saving Through Seamless Operations

Making use of school management software helps in reducing the school's time and resources by providing automation in both administrative and non-administrative tasks.

3. Greater Data Security

Using the school management software, personal information, and data of students and employees will be stored in a cloud storage or server with limited access. Only school administrators will have access to information.

4. Increased Productivity

With the implementation of School Management Software it is easy for the staff to collaborate and increase the productivity

5. Enhanced Reporting & Analytics

Measure & track your school's performance across a multitude of metrics and make data-backed decisions by analyzing real-time data & identifying potential issues in service delivery for your school.

6. Efficient Staff Management

School management software improves HR staff's workflow efficiency. They can flawlessly keep track of other staff's attendance, leaves, performance, and salary management.

7. Refined Inventory Management

Good inventory management helps the school inform the available stocks, items that are about to run out, and create purchase order requests automatically.

8. Revamped Library Management

All library management process like adding and managing books, issuing books, tracking books, etc. can be done with the help of school management software.

9. Accurate Timetable Planning

Teachers and administrators can create timetables using easy drag and drop functionality. The generated timetables will be available as class timetable, teacher timetable, and institutional timetable.

10. Better Exam Management

The examination timetables are created and published for students and parents to access through the communication portal. After the examination is over teachers immediately post the results to be viewed by the students and their parents.
